FALL MEETING SET FOR ROANOKE, VIRGINIA: So that vacations can be arranged, the Fall Meeting of NSCA will be held in Roanoke, Virginia on Friday, Saturday and Sunday, October 10, 11, and 12. The main day will be on Saturday, October 11th with a brief business meeting to be held early in the afternoon. Scriptor Dean Davis, Jr. has been appointed General Chairman of the event. Additional information and reservation cards will be included in the next issue of "Scrip Talk" bulletin. According to the advance information, all scriptors will be housed on the same floor of the hotel which will make it convenient for the Friday evening "swap and sell" sessions in the various rooms... Make your plans now and watch for more details in the next issue.

+++++

ANCIL DONOHUE COLLECTION: In connection with estate settlement, the collection of coal, lumber and store cards is being sold in the Mail Auction Sale. The first portion of the fabulous collection is being listed in this issue and additional listings of the material will be included in future issues of the bulletin. Please note that every piece is being offered for sale - the collection has not been "picked". Your opportunity to add many, many items in your collection at your bid prices.

+++++

TAMS BOARD MEETING: Your President (a member of the Board of Directors of the Token and Medal Society) is making plans to attend the annual TAMS meeting in Los Angeles in August. Any member of NSCA who has suggestions, information, questions, etc. in regard to TAMS should let me know at once so that it can be presented at the LA meetings. Too, we need additional response on the questionnaire regarding TAMS. This should be returned even if you are NOT presently a member. This will give me an idea of what you think of TAMS and will guide my thinking in these meetings. If all goes well, I will include another copy of the questionnaire in this issue of "Scrip Talk" with the request that you complete and return to me promptly if you have not already done so.

+++++

MEMBERSHIP CONTEST AND BULLETIN CONTEST: We are sadly lacking in new membership applications and articles and notes for the bulletin. As announced in the last issue, prizes will be presented to the member securing the most new members. Too, a trophy will be awarded to the member presenting the best published article in the bulletin before the May meeting in 1976. Why not put forth a little effort in this direction? Each new member getting started in coal and lumber token collecting adds a little to your own personal collection.... The bulletin can be only what you make it with interesting articles and information. Don't worry about the literary style - send in your notes and we will work up something of interest to all...

FALL MEETING SET FOR ROANOKE: Reservation cards for the Fall 1975 meeting of NSCA will be found in this issue of the bulletin. Make your plans now for the big event to be held at the Hotel Roanoke on Friday - Sunday - October 10 - 12, 1975. Friday night will be the big 'Swap and Shop' Jamboree in all of the rooms. Saturday will be the general session with a brief business meeting immediately after lunch. Special plans for the event are being made with Dean Davis, Jr. of Roanoke as the General Chairman. If you are new at scrip collecting, you will receive an education in coal and lumber tokens! If you are an advanced collector, we assure you many exciting token finds at Roanoke! Don't you dare miss this big one..... Mail your hotel reservation in direct TODAY !!

\*\*\*\*\*

LOS ANGELES TAMS MEETING REPORT: Your President will give a full report on the TAMS Board Meeting and the General Meeting at our Roanoke event. Incidentally, your President received the Bronze TAMS award for his article on "New River Gorge Tokens" in the TAMS Journal. If you do not belong to TAMS, see the special application blank in this issue. The general organization of token collectors currently has about 1400 members and much of interest can be found in each issue of the TAMS JOURNAL. As per usual, not much in LA in the way of coal and lumber tokens but still an interesting event with over 20,000 collectors signing in for the big week-long event.

+++++

DONOHUE ESTATE COLLECTION: We continue in this issue with the big coal and lumber collection of the late Ancil Donohoe. Please note that we are advancing the closing date as requested by many members !! This sale closes on September 30 and winning lots will be brought to Roanoke for all those who indicate that they will be present. This will save mucho moneo in postage and insurance costs. So.... get those bids in NOW for the present sale and note that the earliest postmark wins all lots that result in tie bids. Many, many exciting items are in the Donohoe collection and you can be the proud owner at your bid figures....

\*\*\*\*\*

MEMBERSHIP AWARD TROPHIES: The special made-to-order walnut trophies have arrived and will be on display at the Roanoke meeting. Remember, one for the person securing the most new members before the May 1976 meeting and the second to the person having the best article on coal and lumber tokens published in "Scrip Talk" before the Spring 1976 meeting. Both awards are up for grabs and YOU can be the big winner!! Better get started TODAY by signing up a few new members and by submitting articles for publication in your bulletin.....

+++++

FREE MEMBERSHIP ADS: Remember that each NSCA member can send FREE ads for publication in the bulletin. Send all ad copy to Paul Cunningham within 10 days after you receive this issue of the bulletin. Remember, new copy must be mailed each month - see details inside...

## MEMBERSHIP SURVEY

## INFORMATION.....

This report features information received from NSCA members concerning TAMS.. The report - in greater detail - was presented at the TAMS Board Meeting in Los Angeles on August 21, 1975 and is presented for your information....

The completed questionnaire was returned by many NSCA members, however, the response was not as great as I had anticipated. Too, many NSCA members who were not acquainted with TAMS have been mailed application blanks as requested. The blank is being reproduced at the bottom of this page and any NSCA member wanting to join TAMS is urged to forward an application at once. Just clip out the form and mail with dues..

Every present member of TAMS who replied stated that they "always" read every issue of the TAMS Journal. Most had high regard for the publication and only a few minor things were mentioned. These included the suggestion that "description of tokens in maverick section be given BELOW the token and not above"... "more information should be made available to members on fake and fantasy tokens" for the protection of the buyer. "Letters to the Editor" column was suggested by several persons.... Many of the replies suggested a "Trading Post" section for members. They suggested that this would bring in many new members by making a section available - without cost - for trades.... A few commented that printing quality had deteriorated during past few months and one suggested that it was realized that the Editor has been very busy and that her efforts were appreciated even with her busy schedule of ANA activities...

Several suggested that an application blank for membership be included in each issue along with information on the LIFE membership plan. Too, it was suggested that an award - of some nature - be presented for the person signing the most new members during the next year....

The need of a new "membership roster" was voiced by the largest number of those who replied... Some suggested that "want ads" were too expensive... Many noted that lack of time had prevented submission of material for publication... Several of the replies commented on the plan of electing TAMS officers by mail - all were in favor.... Several asked about valuation committees appointed in 1972... are they still active??... An annual financial report in Journal was noted by some as being needed....

Thanks to all who took the time to reply.....

# ROANOKE IN OCTOBER

FALL MEETING - NATIONAL SCRIP COLLECTORS ASSOCIATION

THE HOTEL ROANOKE - ROANOKE, VIRGINIA

FRIDAY - SUNDAY, OCTOBER 10 - 12, 1975

All roads lead to Roanoke and the Fall Meeting at The Hotel Roanoke, owned by the Norfolk and Western Railway.... Dean Davis, Jr. of Roanoke will be General Chairman and he is arranging several big features for the meeting...

The general swap and shop session will be held in the individual rooms on Friday night - all rooms will be on the same floor.... The general public session will be on Saturday and a brief business meeting of NSCA will be held early Saturday afternoon....

With good roads in all directions and with the trees in full fall color, this should be a very enjoyable trip for all Scriptor.... If you have never attended one of our sessions, we guarantee that you will pick up many fine tokens and you will receive an education - like never before - on coal and lumber tokens !!

Clip the reservation form below and mail direct to the hotel.... This meeting continues our practice of meeting in various areas of coal land... Incidentally, a large part of all coal mined is loaded at Norfolk for shipment around the world and the N & W Railway owns this wonderful hotel... Too, Scriptor Davis is making special plans to get in a lot of interested railroad folks and members of the coin and token clubs in the Virginia area -- so, it promises to be an outstanding event.... Don't you dare miss it !!

# SCRIP TALK

RECORDS NEEDED ON SCRIP  
DESTRUCTION.....

Scriptor R.R. Tippy has suggested that "Scrip Talk" start a listing of known coal scrip tokens that have been buried, burned, stolen or otherwise disposed of. This will be a valuable aid in determining possible values of many of your scrip tokens. We have a partial listing of the amounts of scrip purchased by many of the companies due to the research of Scriptor Bob Craigo. With amounts originally purchased (see earlier issues of Scrip Talk and also refer to TAMS Journal) and with information on the final use of the scrip, much valuable data can be obtained.

In connection with this continued reporting, we certainly want FACTS... Just because somebody told somebody else that such and such a company dumped their scrip in a slate pile or in a river certainly would not be final proof!! We need facts on this and hope that your contributions will include information on sources, etc.

To start the listing, the following information is taken from photostats of old records in my possession (courtesy Scriptor Craigo):

ISLAND CREEK COAL COMPANY - POND CREEK POCAHONTAS COMPANY - MALLORY COAL COMPANY - MARIANA SMOKELESS COAL COMPANY - In a letter to Mr. W. G. Giddings, Auditor of Island Creek Coal Company - dated Oct. 16, 1942 - from the Osborne Register Company - Quote "Am very sorry that I through an oversight failed to certify the destruction of all the old metal scrip that was returned to us sometime ago from (companies listed above). At the time all of this scrip was put through a shredding machine, the count of each company was carefully checked and found to be substantially correct..... we are sending a copy of this letter to each of the above companies for their respective files". Unquote.  
THE LORADO COAL MINING COMPANY - Letter from R. L. Seith, Sec.-Treas. - dated Sept. 13, 1950 - to F. D. Orelup, Gen. Mgr., The Osborne Coinage Company - Quote "As suggested in your letter of August 31, we have shipped to you three boxes of obsolete scrip via Commercial Motor Freight prepaid, and authorize you to have it destroyed in order that it may not be used in the future. As to its further disposition you may sell it as scrap and keep the scrap value for your own account or otherwise dispose of the scrap metal. We want to thank you for disposing of this scrip for us as we were unable to find anyone in Columbus (Ohio) who would destroy it or otherwise dispose of it." Unquote.

MIDVALE COLLIERY COMPANY - Letter - dated Dec. 1, 1933, from L. C. Skaggs to Osborne Register Company - Quote "We had a fire Nov. 28th which destroyed our store and office building. We have been using your metal scrip and since the fire wish to change this. In doing this we want to get a different pattern so as to be able to detect the difference in case some of the old scrip is presented. Ours was a brass scrip and round. We think that a metal scrip of a light color and hexagon shape would be suitable." Unquote.

MAC ALPIN COAL COMPANY - WYATT COAL COMPANY - Letter - dated May 11, 1946 - from E. O. Byrd to Osborne Register Company - Quote "We shipped to you via prepaid express May 8th from Woodbay, W.Va. 1 box (91#) obsolete metal scrip for the melting pot. In accordance with your letter of May 4th send us check to cover the market value of scrap." Unquote

MORRISON COAL COMPANY - BECKLEY FIRE CREEK COAL CO. - Second page of above letter lists following money values of scrip returned in the 91 lbs... Wyatt - Sharon 18.62 -- Wyatt - Eskdale 16.21 -- Wyatt - Laing 23.94 - MacAlpin 228.18 - Morrison Coal 57.73 and Beckley Fire Creek 1430.52.

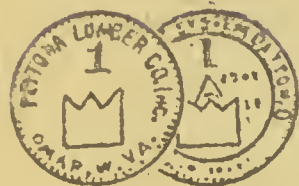

LUNDALE # 1 - LUNDALE #2 - THREE FORKS #3 - AMHERST #4 - RUM CREEK #6 and #7 - H. T. WILSON COAL CO. - JUNIOR MERCANTILE (OMAR) - MAIN ISLAND CREEK -

BOONE COUNTY COAL CORPORATION - Scriptor Walker Knott advises that he personally knows that scrip of above captioned companies was destroyed... How, where, when, Walker? Scriptor Tippy advises that he personally knows that THE BLACK MOUNTAIN CORPORATION scrip was melted down and that THE SOUTHERN COLLIERIES scrip was dumped in Norris Lake. ....let's hear from YOU on what you have personal knowledge or records on.....

SALE NUMBER 27

CLOSING DATE WAS: August 29, 1975

.....  
NOTES ON SALE NO. 27 -- Lots 19 and 35 : Buyers of these two lots are free to return them since an error was made in the listings.. There is no \$1 known on Ashland Coal & Coke (Lot 19) and the C. A. Brockman mine used the W.Va. Coal \$1 at their operation (Lot 35).. We failed to pick this up when sale lists were prepared.. Incidentally, it is quite a job on listing all of the various items and mistakes can happen ! If we make an error, please let us know... if you make an error on your bidding, that's something else so please check your bid sheets carefully before mailing...

\* \* \* \* \*

Many, many bidders overlooked some choice tokens in this sale.... Lot No. 16 had the RARE \$1 A. B. Supply which is not found in many collections that I know of. A lucky bidder got a good item at a good price... Many also missed what was probably the best set in the entire sale - Fairfax Collieries of Dorfee, W.Va. I know of no collector that has a complete set of this one... I point these items out so that you can carefully examine all lot listings in the new current sale... There are many, many good items in this great Donohoe collection....

.....  
NOTE: ON TIE BIDS - EARLIEST POSTMARK WAS AWARDED THE LOT.... ON NUMBERS NOT SHOWN, NO BIDS WERE RECEIVED....

Your Editor has just uncovered a rare book that will be of great value to all collectors of W. Va. tokens - The Bradstreet Company report dated July 1920. This book was not sold but was loaned to subscribers. It lists every store and business in W. Va. - locates the town - gives the population - rates the wealth of the owner, etc. Note the page reproduced to the left... Under the town of Monongah, it notes population of 1786 - shows County - Post Office information, etc.

Of interest under the listings, is F. K. Lowe as Meats dealer and L. M. Kuhn as Gen. Store.

This brings up the old question as to what degree the store has to be connected with the coal industry to be called a coal token..... It is known that F. K. Lowe had a direct tie-in with Consolidation Coal to furnish meat to the miners, etc. We have many, many tokens in our collections that the degree of being related to coal is not certain... but, this is a matter for another article at another time.

Many, many of the W. Va. towns listed in the book no longer exist and many, many had tokens. If it shows a W. Va. address and was in business in 1920 era, this book will pinpoint the location and the type of business.

I believe that books of this type have been located for many states and I would like to hear from collectors that might have one from Virginia, Kentucky, Pennsylvania and any of the other coal states...

As will be noted under town of Montcoal, it shows population of 10 - shows location as 7 mi from Whitesville in Raleigh County. It notes that Colcord Coal Co. and Hazy Eagle Collieries were operating in Montcoal altho the offices were in other towns... see copy to left...

Altho the owner will not part with the book for any price, I did manage to have a photo copy made of the 222 page book. Any of our collectors having W. Va. tokens that they would like to have researched are invited to send a rubbing and a SASE (self-addressed stamped envelope) and as time permits, I will check it out for you. Too, since I am starting a W. Va. general token collection, I am in the market to buy tokens. Please let me hear from you....

Of interest is the agreement made a part of the book which states that the volume of Commercial Ratings is LOANED, and not sold, and that the subscriber - in accordance with the terms of an agreement - shall have exclusive use of the book and that it shall be held in strict confidence - that the information will not be furnished to others - and that the volume shall be returned at the end of the subscription period.
